

## What They'll Say About Us

FINNEAS

You're tired now, lie down  
I'll be waiting to give you the good news  
It might take patience  
And when you wake up, it won't be over  
So don't you give up

We've got the time to take the world  
And make it better than it ever was  
That's what they'll say about us

If I say a cliché, it's 'cause I mean it  
We can't walk away, we gotta get in between it  
And when you wake up, we'll grow together  
So don't you give up

We've got the time to take the world  
And make it better than it ever was  
That's what they'll say about us

I never said it would be easy  
I'm never giving up, believe me  
I used to think the pain would fade, but it never does

You're tired now, lie down  
I'll be waiting to give you the good news  
It might take patience  
And if you don't wake up  
I'll know you tried to  
I wish you could see him  
He looks just like you
