Fiona Apple

I too, used to want him to be proud of me
And then I just wanted him to make amends
I wonder what lies he's telling you about me
To make sure that we'll never be friends
And it's a shame, because you and I didn't get a witness
We're the only ones who know
We were cursed, the moment that he kissed us
From then on, it was his big show

I grew concerned, when I saw him start to covet you
When I learned what he did, I felt close to you
In my own way, I fell in love with you
But he's made me a ghost to you
I watch him let go of your hand, I wanna stand between you
But it's not what I'm supposed to do
I watch him walk over, talk over you, be mean to you

And it makes me feel close to you
It makes me feel close to you
It makes me feel close to you
It's not what it's supposed to do
It makes me feel close to you

I too, used to wanted to make him proud of me
And then I just wanted him to make amends
I wonder what lies he's telling you about me
To make sure that we'll never be friends
And it's a shame, because you and I didn't get a witness
We're the only ones who know
We were cursed, the moment that he kissed us
From then on, it was his big show
From then on, it was his big show
From then on, it was his big show

And you're wearing time, like a flowery crown
Sitting that, sitting that big cat down
And I'm alone on the summit now
Trying not to let my light go out

I too, used to want him to be proud of me
And then I just wanted him to make amends
I wonder what lies he's telling you about me
To make sure that we'll never be friends
And it's a shame, because you and I didn't get a witness

Trying not to let my light go out

You're wearing time, like a flowery crown
Sitting that, sitting that big cat down
And I'm alone on the summit now
Trying not to let my light go out

Oh, I too, used to want him to be proud of me
And then I just wanted him to make amends
I wonder what lies he's told you about me
To make sure that we'll never be friends
To make sure that we'll never be friends
To make sure that we'll never be friends
To make sure that we'll never be friends
