

Maidens Of Venus

Fireball Ministry

Overblown state of mind
Changes made for a lie seen as true
Judged fairly for a crime
Given up on a life spent with you

Fortunes spent from behind
Broken image of a mind
Rusted, begging, towed the line
Only witness to a life spent with you

Now I'm giving up on lies worth believing
And I'm giving up my mind, yeah
Stolen years from a life not worth living
And I'm running out of time

Been called unforgiving
Secrets passed on a line broken through
And believed all the sinning
Given up on a life spent with you

Now I'm giving up on lies worth believing
And I'm giving up my mind, yeah
Stolen years from a life not worth living
And I'm running out of time

Now I'm giving up on lies worth believing
And I'm giving up my mind, yeah
Stolen years from a life not worth living
Well it happens all the time
