

# Adore

Fireboy DML

First things first  
Quench this thirst  
Let me burst  
And take the first verse  
Let's rehearse  
And play the next parts  
I know it hurts  
To say the last words.  
Gimme a minute, only a minute  
Tell me a secret, tell me to keep it  
Hop in the 'rarri baby I promise I'm ready  
But I cannot carry you if your heart is still heavy  
Love of my life  
One of a kind  
Dis kain thing no dey come overnight  
All of my guys  
Don dey call am my wife  
All of my life  
I've been unorganized  
No more apologies  
I'll make you proud of me  
I'll give you all of my life, I'll give you all of me  
Nowhere I'd rather be, I want you next to me  
I've seen the girl of my dreams  
She's right in front of me

I remember all the things you've done  
I remember when you left me darlin'  
Tell me, tell me what's the memories for?  
I'm a leave it I'ma watch it burn;  
I remember when I watched you run  
Ran away and you left me darlin'  
But I lied to you  
I can't stand there and watch it burn

Cause I  
Can't get you off my mind  
And I still adore you  
And I  
Can't lie  
Can't deny  
That I still adore you

You could see I'm going crazy,  
In & out of love in this lifestyle baby,  
I wanna see you iced out baby,  
It's one of them nights turn the lights down baby,  
Even if I tell ya that I don't,  
What I say ain't matching what I show,  
Wishing time go slow, one could only hope so,  
Make me so 'para', when you go ghost tho,  
Yea,  
Uhh,  
These Melodie's play in my head,  
La da di da di I can't go to bed,  
So far away from somebody so close,  
You say the least and be doing the most,

Violets are blue and these roses are red,  
I should be burning these flowers instead,  
Why did you leave?  
Where did you go?  
Are you ok?  
I wanna know

I remember all the things you've done  
I remember when you left me darlin'  
Tell me, tell me what's the memories for?  
I'm a leave it I'ma watch it burn;  
I remember when I watched you run  
Ran away and you left me darlin'  
But I lied to you  
I can't stand there and watch it burn

Cause I  
Can't get you off my mind  
And I still adore you  
And I  
Can't lie  
Can't deny  
That I still adore you  
Cause I  
Can't get you off my mind  
And I still adore you  
And I  
Can't lie  
Can't deny  
That I still adore you

Still adore you oh  
Still adore you
