Super good, ayy
Ayy, I be finding silver lining where them others say
I need patience in due time and I'll be reclining by design
I've been grinding for my needs
Bought a whip to give my nephew
Put them diamonds on my niece, shinin'
So dope that I purchased eighty-eight keys
For mama to play a song and calm my ADHD
With this baby face fine, gyal, them rarely hate me
Give them bellyaches, love 'em waist deep
Every occasion, I put money in safe keep (Keep)
Very impatient, be on time when you pay me (Me)
Very invasive when they hatin' what they see (See)
Made me a nation, then they crown me a stale king (King)
Bell rings and then my hands are raised
MGM Grand to Mandalay
Envy him now while my victory has just begun (Yeah)
When you see me, just know you lookin' at a motherfucking champion

(Champion, champion)
I'm a motherfucking champion
Remember this
I'm a king
I'm a legend in the making, I'm a champion
(Champion) Oh, champion
(I'm a motherfucking champion)
Remember this
I'm a king
I'm a legend in the making

I'm the average boy from the average streets
With an empty pocket and a bag of dreams (Ah-ah)
Many things wey hin eyes don see (Ah-ah)
Many tears wey hin eyes don bleed (Ah-ah)

Through the rise and falls
I made it to the top
E no get anything wey you wan talk

Oh, I'm a champion
(Champion, champion)
(I'm a motherfucking champion)
I'm a king
And I'm a legend in the making, I'm a champion
