Wake up in the morning and I roll one
It's been so long since I faced my emotions
Make I no go fall inna the ocean
As I go, come, every day I'm on the road
As you can see, nobody but me
When poverty hold me like konji
Ti'lẹ ba ti mọ, ma pe Olúwa mi
Tomorrow morning, I'll go on my knees and pray
But tonight I want to feel highray

Make I start to manya, make I drink away
Me, I no send nobody, I no see nobody
'Cause nobody feels my pain
E better make I call my dealer
Gimme one indica, and one sativa too
Wanna levitate like a balloon
Me, I no want no yawa, oh
