

# Havin' Fun

Fireboy DML

Demons knocking on my door  
But I no fit open up  
And me I no fit sell my soul  
Me no dey stress anymore  
Cause I'm blessed and I'm young  
And the blessings come from God  
So me get down on the floor  
Say a prayer to my father say a prayer to my Lord  
Nothing in this life is sure  
So me get up on the road  
And me live life my way yay!

7am and the sun is shining  
And then I hear my song pon the radio  
With a caribbean girl beside me  
I don't need to talk, you already know  
I'm just having fun  
I'm just having fun  
Ohh ohhh ohh ohh  
I'm just having fun  
I'm just having fun  
Ohh ohhh ohh ohh

Wake up, roll one jay for the morning  
Good vibes all my guys link up  
There's no time and life is short  
So I live my life and I seize every moment  
One of my girlfriend's calling  
Don't think I might pick up  
Lowkey I might be drunk  
Spending time and spending money  
Big ups to my guys, my family  
Big ups to my girls, they love me  
Big ups to my friends and foes and my day ones who never gave up on me  
Pull up in the range, wassup  
Turn up at the club, let's go!  
Let's celebrate tonight  
And have some fun  
Cause when tomorrow comes

7am and the sun is shining  
And then I hear my song pon the radio  
With a caribbean girl beside me  
I don't need to talk, you already know  
I'm just having fun  
I'm just having fun  
Ohh ohhh ohh ohh  
I'm just having fun  
I'm just having fun  
Ohh ohhh ohh ohh

7am and the sun is shining  
And then I hear my song pon the radio  
With a caribbean girl beside me
