

hell and back

Fireboy DML

It's obvious, you haven't found a replacement
I know you in and out so I cannot be mistaken
Girl, I know you miss it when I'm driving you crazy
Wiping you naked, riding and shaking
All the yama-yama, you are saying online
As the laba-laba for my belly don die
I will never ever let it survive
Omotola, you dey make me wan cry

Oh, now you want me back?
After putting me through hell and back
I thought I told you that I'm done with that
So, tell me why you want me back?
Oh, now you want me back?
After putting me through hell and back
I thought I told you that I'm done with that
So tell me why you want me back

Yeyeyeye, ye ye ye ye ye (Oh, now you want me back?)
Yeyeyeye (Ye-ye), yeyeye (Ye-ye), yeye (Oh, now you want me back?)

Kill a man, kill a man, kill a man, yo-oh
Wetin you do me fit to kill a man, ye-eh
Make a man choko, make a man shekpe
Give a man gun, make I shoot you like a po-po
And like a po-po I for settle your ca-ase
For your case I for pull up in a 'Lambo
You do me wayo
Oh baby why oh
Call soso
Take my pain away, way, way
Do what you like
Leave me alone
If you really wanna try
Give me a sign, if the feelings ever die
I no go lie
I've been waiting for the time, omo
I've been waiting for the time, erima (Erima)
When I get you off my mind, erima (Erima)
Make I focus on my life, erima
On my grind, erima
Why you tell me that you want me back?

Oh, now you want me back?
After putting me through hell and back
I thought I told you that I'm done with that (I thought I told you)
So, tell me why you want me back?
Oh, now you want me back?
After putting me through hell and back
I thought I told you that I'm done with that
So tell me why you want me back?

Yeyeyeye, ye-ye-ye-ye-ye (Oh, now you want me back?)
Yeyeyeye, yeyeyeyeye
Want me back, want me back
