Hold on, baby girl you got hold on me
It's been so long, baby girl it's been so lonely
Don't mind if I give you a crown
When you wanna pull up in a benzi ehh
All eyes keep on you ohh my darling
I never ever let you empty yeah
You mean a lot in my lifetime ohh
Sweeter mamamia your lifestyle
Passa whine, passa killer mi
Passa whine, passa killer mi

Hold on baby girl you got hold on me
It's been so long baby girl it's been so lonely
Hold on baby girl you got hold on me
It's been so long girl it's been so lonely

Uh! Come down come tell mi all of your history
You know in your tyra memory you kinda need that!
Boy tell me, boy tell mi, I mean my hips don't
Inna your tap mi banana I wanna eat up
Cause your life cause your life

Hold on baby girl you got hold on me

Girl I swear you bring sweetness to my world
I'm so proud you're my girl, hold on

Play my guitar, make I write this song
Give me everything baby I need more
