

letting go

Fireboy DML

Sometimes you're rude
Sometimes you hold it back
This kind of inconsistency in love
E no fit last too long, oh, baby
And I was obviously head over
Now I'm packing my bags and running on my heels, oh no

'Cause sometimes loving is letting go
But you know say I go always dey for you
So if you love me, let me know
Make I no go carry gbese on my own

Let me tell you all about Julie (Julie, Julie, Julie, Julie)
Every other day she dey swear say she love me truly, truly, yea
h
Been my best friend since uni'
Shawty look like a superstar in a James Bond movie
But the repercussion was not enough
You know say I'm quick to fall in love
Evidently you're cheatin' too
But I gatts handle my trust issues
You sef, put yourself in my shoes
All of the time wey I waste on you I've fully given up
And you're my happily never after baby

'Cause sometimes loving is letting go
But you know say I go always dey for you
And if you love me let me know
So I no go carry gbese on my own (Oh, yeah, yeah, baby)

I found you and I lost my mind
Without you I no fit survive
Why you dey do me one kind?
Why you dey pour me water then set me on fire?
Make I no lie, I don tire
Baby, don't waste my time
And I know you're holding tight to me but

Sometimes loving is letting go
But you know say I go always dey for you
So if you love me, let me know
Make I no go carry gbese on my own
