

You no fit say you no feel am
The love I get for you, na for reala
You no fit say you no see am
When no be say I be John Cena
Story of my life
Without you I no fit to complete am
Don't leave me odo
O ya open your door

Tori mo ti şişę, gbowo
And I wan spend it on you
When you go low
Happiness all over me
Can I see you tonight?
Nobody knows tomorrow
Make we no dey fight
Better hold me tight

O o mọ DML
Damo!
Baby ma a yawo
Where you wan go?
Montego
Santorini or Eko
Come over, don't say no
Come spend my ego
Make we no dey fight
Better hold me tight

Mọti, fagbo
Dance away your sorrows
The night is young
And time is borrowed
Can I see you tonight?
Nobody knows tomorrow
Make we no dey fight
Better hold me tight

We won't be here forever
So love me now or never, baby
I know the truth is bitter
So give me something sweeter
When you bend it over
Ọdoyewu, it's over
My baby sweat all over me
Obaa sima murder me
Obaa sima murder me
Obaa sima murder me

Şişę, gbowo
And I wan spend it on you
When you go low
Happiness all over me
Can I see you tonight
Nobody knows tomorrow
Make we no dey fight
Better hold me tight

We won't be here forever
So love me now or never, baby
I know the truth is bitter
So give me something sweeter
When you bend it over
Odayewu, it's over
My baby sweat all over me
Obaa sima murder me

We won't be here forever
So love me now or never, baby
I know the truth is bitter
So give me something sweeter
When you bend it over
Odayewu, it's over
My baby sweat all over me
Obaa sima murder me
