Away away...

(Ri Ridimakulayo)

I just realised  
When I come around  
And when they play the sound  
I just feel alive  
I'm not just a singer wey dey give the ginger  
I give you the vibe  
The sound of the guitar sweet pass shitor  
I no fit deny  
And when you give me the rhythm and bass chai

Away away  
The sound is taking me far away  
Again again  
I'm feeling something inside of me  
Away away (one more time)  
The sound is taking me far away  
I go crazy, I go crazy when I hear the sound  
When I hear the sound  
When I hear the sound  
When I hear the sound

I don't want to die  
I just want to dance to the riddim and bounce  
Maybe one more time  
I just want the girls to dey dance and whine  
As we shack palm wine again again  
Can you feel the bounce  
Oya mami go down to the down down down (to the down down down)  
I dey see the ileke on your waist chai

Away away  
The sound is taking me far away  
Again again  
I'm feeling something inside of me  
Away away (one more time)  
The sound is taking me far away  
I go crazy, I go crazy when I hear the sound  
When I hear the sound  
When I hear the sound  
When I hear the sound

Away away  
The sound is taking me far away  
Again again  
I'm feeling something inside of me  
Away away (Away away)  
I go crazy, I go crazy when I hear the sound
