

# Don't It Feel Empty

Firefall

Big man big wheel livin' in luxury  
Big talk big time money to burn  
Big plans bid deal women of mystery  
Keepin' you company too  
Don't it feel empty to you?

Small time small change  
Star of the local scene  
Small talk small town  
King for a day  
Small fry small stage  
Clutching your little dreams

Now what you gonna do?

Last time last chance  
So many things you've been  
Last word last game  
Last time around  
Last dime last dance  
Ladies and gentlemen  
You're back on the streets again now

Don't it feel empty somehow?  
Don't it feel empty to you?  
Don't it feel empty?  
Don't it feel empty?  
Don't it feel empty to you?
