

Lorelei

Firefall

I walked out in the sunlight
And I saw her standing there
Sultry eyes and hair of gold
A song was in the air
The autumn leaves were falling
As the wind caressed her face
She reminded me so much of you
My heart began to race

Lorelei
The thought of you is always on my mind
Lorelei
Of all the hearts to steal
Why did you have to make it mine?
Lorelei

Like changes in the sparrow
And the sad song that he sings
Signs of winter coming
And the loneliness it brings
I can hear her voice
Calling softly in the breeze
The echoes of the love we had

Keep coming back to me

Lorelei
The thought of you is always on my mind
Lorelei
Of all the hearts to steal
Why did you have to make it mine?
Lorelei

You're the part of me
I just won't let go, no
You're the heart of me, Lorelei

My Lorelei

Lorelei
The thought of you is always on my mind
Lorelei
Of all the hearts to steal
Why did you have to make it mine?
Lorelei

Lorelei
The thought of you is always on my mind
Lorelei
Of all the hearts to steal
Why did you have to make it mine?
Lorelei
