Firefox AK

It is the way we now it  
They way we do not like  
It is the end for us, baby  
The way we make thing turns out

Shame Shame Shame  
We cannot act

Is this the end of an era  
Could we have grown it out?  
it is a suprise suprise  
Do you think  
We learned how to act

Shame Shame Shame  
We cannot act

I tried many hours  
I fought every moment  
Despite me despite me  
for not being found
