

Home Tonight

Firehouse

Steppin' out tonight going down to the city
Lookin' for love and hookin' up with something pretty
Party time I can feel it in the air
I'm out on the prowl and I'm lookin' everywhere

You stood out of the crowd you were one in a million
From head to toe you were love at first sight
So I'd better start talkin' before you start walkin'
I'll tell you what I have in mind

I've had my eyes on you
I wanna take you home tonight
I made up my mind and I know what to do
I wanna take you home tonight

What ever you say baby don't say no
I know a little place where I think we should go
You and I could stay up all night
Come on let's go we'll have a really good time

I've had my eyes on you
I wanna take you home tonight
I made up my mind and I know what to do
I wanna take you home tonight

I've had my eyes on you
I wanna take you home tonight
I made up my mind and I know what to do
I wanna take you home tonight
