

## Deliverance

Firewind

Streets full of madness  
And I don't know where to turn  
Driving me insane I have to get away  
The one-eyed leads the blind to decay

Can't keep away...

A moment seems an eternity  
A lifetime lived in a dream  
Over and again but you know the end  
Do you have the same dream like me?

And my spirit is free  
I'm more than what you can see  
I will make you believe

Can't keep away...

Through endless fields of fire  
I've walked among the dead  
Forced of greed, taking the lead  
Our souls are hanging by a thread

And my spirit is free  
I'm more than what you can see  
I will make you believe

And my spirit, rides the breeze...
