

Space Cowboy

Firewind

No one blocks my way
What a perfect day
Alone in seclusion
In the fast lane
I'm turning up the gain
Galactic infusion

Cause there's no limit
There's no stop sign
I am here on my own

I'm a space cowboy
On my ship made of steel
This is my highway
Yeah, that's how I feel

I don't see frontiers
Infinity appears
A star-covered ocean
What a magic sight
I'm cruising into the light
Thrilling emotions

Cause there's no limit
There's no stop sign
I am here on my own

I'm a space cowboy
On my ship made of steel
This is my highway
Yeah, that's how I feel

I'm a space cowboy
On my ship made of steel
This is my highway
Yeah, that's how I feel

I am riding, riding, riding, riding
Through the night
Yeah I'm riding, riding, riding
Just stars by my side

I'm a space cowboy
On my ship made of steel
This is my highway
Yeah, that's how I feel

I'm a space cowboy
On my ship made of steel
This is my highway
Yeah, that's how I feel
