

# It Hurts Me Too

## First Aid Kit

I love you, baby, ain't gonna lie  
Without you, darling, I can't be satisfied  
If things are going wrong for you  
You know it hurts me too  
You know it hurts me too

But if baby puts his hand in mine  
I got something to tell you that'll change your mind  
If things are going wrong for you  
You know it hurts me too

I love you, baby, ain't gonna lie  
Without you, darling, I can't be satisfied  
If things are going wrong for you  
You know it hurts me too  
You know it hurts me too  
You know it hurts me too
