Fischerspooner

I know I know  
I know I know  
I know I know

The back of your hand (back of your hand)  
My bottom lip (bottom lip)  
Down my throat (dig in)  
This is it (take hold)  
Grab a hold (never let go)  
When you need me most (get what I want)  
The deeper you go  
The dark the dark the darker it gets

Togetherhness  
Togetherhness

Tattered and frayed, knotted and twisted  
Pressing and looking for a way  
That's the rub, denim on denim  
This is no pragmatic love

Take hold  
Never let go  
I get what I want  
I get I get what I want  
Take hold  
Never let go  
I get what I want

I get I get what I want  
An open mouth, wet teeth that rub and bite  
Always razor sharp  
Engineered for cruelty and charm

Take hold  
Never let go  
I get what I want (the deeper you go)  
I get I get what I want (the darker it gets, deep)  
Take hold  
Never let go
