

## Deep Inside

Fishbone

Rich Ass  
High Klass  
Don't bother me and I won't realize your crime  
Two faced  
You're out of place  
You can't rock out because you ain't the kind  
Well if you were on the other side of the fence,  
well maybe you'd understand,  
I may freak you out with my raw look,  
'cause I just got the feelin' Man!  
Brain Washed  
You're Lost  
Your blindness can't be helped anyway  
Your Cash  
My Clash  
Makes me able to say  
Makes me able to say  
You got the prestige status  
You've got the majority mass  
Plus you've got a blender by General Motors  
And a Tonka Toy dump truck up your ass  
You'll never look the way I feel  
You'll never feel the look in my eyes  
I feel the look in my eyes  
Cause I've got the feelin' swimming in my bones  
And it's takin over Deep Inside  
It's takin' over Deep Inside
