

OCD

Fitz and the Tantrums

Last call, my phone's gonna die
Wishin' you and I could be closer
I got a boombox and a bottle of wine
Tell me if you wanna come over
We got all night, we can do anything
I'm feelin' alright, I want you next to me
You know it's last call, my phone's gonna die
Wishin' you and I could be closer

It's 3 a.m. and we got nowhere to be
Maybe you could dance with me
6 a.m., we don't wanna go to sleep
Listenin' to old CDs
Dancin' with my OCD case logic
Case logic
Listenin' to old CDs
Dancin' with my OCD case logic

Strobe light in my living room
You and me can make it a party
I can't stop lookin' at you
You tell me I don't need to be sorry
We got all night, we can do anything
I'm feelin' alright, I got you next to me
We got that strobe light in my living room
You and me can make it a party

It's 3 a.m. and we got nowhere to be
Maybe you could dance with me
6 a.m., we don't wanna go to sleep
Listenin' to old CDs
Dancin' with my OCD case logic
Case logic
Listenin' to old CDs
Dancin' with my OCD case logic

Don't wanna be obvious
I just gotta see how I feel
When it's the two of us
I know that we got something real

It's 3 a.m. and we got nowhere to be
Maybe you could dance with me
6 a.m., we don't wanna go to sleep
Listenin' to old CDs
Dancin' with my OCD case logic
