

Umbrella

Fitz and the Tantrums

This shit ain't automatic, systematic
Don't get so twist about it
Once you've got it, don't let it go
Love should be a sanctuary
July to January
Blanket on, you're hot when you're cold

Ooh, mama, mama, moving like Madonna
Shaking like the thunder and the rain coming down

I'll be up, umbrella
Baby, I'll shelter you
All I wanna do is you, forever
Baby, I'll shelter you
Umbrella, umbrella

Air, when you're under water
Peace, when you're out of your mind
Love, when you need somebody
When you need it all night

Ooh, mama, mama, moving like Madonna
Shaking like the thunder and the rain coming down

I'll be up, umbrella
Baby, I'll shelter you
All I wanna do is you, forever
Baby, I'll shelter you

La-la-la-la, come rain or shine
Through the grey skies
Love of my life, ooh

I'll be up, umbrella
Baby, I'll shelter you
Umbrella, umbrella

Umbrella, umbrella
Umbrella, umbrella
