

Zig Zag

Fitz and the Tantrums

Zig zag, zig zag all the way back
Gonna ride around the room like a train off the tracks
Zig zag, zig zag all the way back
Gonna ride around the room, then we take another lap

I'm a mariachi, someone give me a horn
Play a little something you've never heard before
I'm about to blow you away (blow it, blow it, blow it)
About to blow you away (ay, ay, ay)

Put me in the game, show, show me all the doors
I'm going to pick the car every time, that's for sure
About to roll you away
Put your name on the vanity plate (ay, ay)

We swerve
Got me all over the road
We swerve
Put the dosi in my doe
We swerve
We don't color in the lines
Oh my god, better hold on tight

Zig zag, zig zag all the way back
Gonna ride around the room like a train off the tracks
Zig zag, zig zag all the way back
Gonna ride around the room, then we take another lap

Love me for my ego, be the yin to my yang
It took a little one to pull each other out of the game
What would I change? not a thing
About to sway, so baby lean on me

We swerve
Got me all over the road
We swerve
Put the dosi in my doe
We swerve
We don't color in the lines
Oh my god, better hold on tight

Zig zag, zig zag all the way back
Gonna ride around the room like a train off the tracks
Zig zag, zig zag all the way back
Gonna ride around the room, then we take another lap
Zig zag, zig zag all the way back
Gonna ride around the room like a train off the tracks
Zig zag, zig zag all the way back
Gonna ride around the room, then we take another lap

Hey! everything's gonna be okay
Everything's gonna be ok
When the world turns you sideways (zig zag, zig zag)
Hey! everything's gonna be okay
Everything's gonna be ok
When the world turns you sideways (zig zag, zig zag)
Zig zag, zig zag

Zig zag, zig zag all the way back
Gonna ride around the room like a train off the tracks
Zig zag, zig zag all the way back
Gonna ride around the room, then we take another lap
Zig zag, zig zag
Ride around the room like a train off the tracks
Zig zag, zig zag
Ride around the room, then we take another lap (go!)
