Please explain a couple of things to me

How could you leave and then turn your back on me?

If only we said goodbye, maybe then I would respect my life In the end I am so ashamed of what you did

(why) you said that you would never leave I didn't even see you go

(why) you just up and turned your back on me for reasons I will never know

(why) now I am starring at an empty space its the place that yo u used to be

(why) and the look you see upon my face is the gift from you to me

A haunting pain that lingers over me

This is not the way its supposed to be if only we said goodbye maybe then I would respect my life

In the end and I'm so ashamed of what you did

(why) you said that you would never leave I didn't even see you go

(why) you just up and turned your back on me for reasons I will never know

(why) now I am starring at an empty space its the place that yo u used to be

(why) and the look you see upon my face is the gift from you to me

You made me what I am you made me what I am

You made me what I am you made me what I am

(why) you said that you would never leave I didn't even see you go

(why) you just up and turned your back on me for reasons I will never know

(why) now I am starring at an empty space its the place that yo u used to be

(why) and the look you see upon my face

Is the gift from you to me

Is the gift from you to me
