

# Got Your Six

## Five Finger Death Punch

Charge!

I'm a fuckin soldier  
Just like I told ya  
While I'm just warming up  
You're getting colder

Out on the battle ground  
Let's take a look around  
There's a million of us  
Ready to throw down

They'll never take me alive

Hit the pit  
Blood on the bricks  
Don't look back  
Cause I got your six

Won't go down  
never gonna quit  
Don't turn back  
Cause I got your six

You know I got your back  
They'll never take that  
Until the bitter end  
You know I'll never crack

I'll face an army  
Can't fuckin harm me  
Out on the front line  
That's where you'll find me

They'll never take me alive

Hit the pit  
Blood on the bricks  
Don't look back  
Cause I got your six

Won't go down  
never gonna quit  
Don't turn back  
Cause I got your six

I will never accept defeat,  
I will never quit  
I got your six  
I got your six

Hit the pit  
Blood on the bricks  
Don't look back  
Cause I got your six

Won't go down

never gonna quit  
Don't turn back  
Cause I got your six

Hit the pit  
Blood on the bricks  
Don't look back  
Cause I got your six

Won't go down  
never gonna quit  
Don't turn back  
Cause I got your six

I've got your six  
I've got your six
