

# Lost In You

Five Star

Yeah, I'm lost in you  
And I love you

Never thought  
My intentions were to be in love  
But you do tenderness  
You stole my heart away

And being so in love  
Is what we do best  
Your love's so tempting  
I can't keep myself away

My heat beats  
So intense now  
Whenever you're near me  
I give myself away  
My love you're so in touch now  
Whenever you're near me  
I love it best this way  
I'm lost in you  
And I think I love it  
There's nothing quite like  
You are the one  
Baby I'm lost in you  
And I think I love it  
There's nothing quite like  
You are the one  
Baby I'm lost

Seems like giving in is  
The only thing to do  
You take me over  
I like the things you do

(Baby) When you're so in love  
Is been a joy to me, yeah  
You roll me over  
I like the joy you bring

My heat beats  
So intense now  
(Whenever you're near me) Whenever you're near me  
I give myself away  
(Baby you're the love)  
My love you're so in touch now  
(Whenever) Whenever you're near me  
I love it best this way, (ah)  
I'm lost in you  
And I think I love it  
There's nothing quite like  
You are the one  
Baby I'm lost  
I'm lost in you  
And I think I love it  
There's nothing quite like  
You are the one

Baby I'm lost

I'm lost in you  
And I think I love it  
There's nothing quite like  
You are the one  
Baby I'm lost  
I'm lost in you  
And I think I love it  
There's nothing quite like  
You are the one  
Baby I'm lost

I'm lost in you  
And I think I love it  
(Whenever you're near me)  
There's nothing quite like  
You are the one  
(Baby you're the love)  
Baby I'm lost  
I'm lost in you  
And I think I love it (whenever)  
There's nothing quite like  
You are the one  
Baby I'm lost

I'm lost in you  
And I think I love it  
(Whenever you're near me)  
There's nothing quite like  
You are the one
