

# One Way Mirror

Five Star

I know you really need to see me  
You're such an obvious sight, yeah  
I watch you from my mirror here  
And I know you wanna get with me tonight  
You're looking kinda sexy baby, uh  
You wanna know how I know  
Well, I don't think I should really say, but hey  
But what the hell I'll tell him, tell him what

What he needs to know  
I save it till the end then  
I'm feeling I should tell you  
But I like to watch you wait instead  
You know I never liked roses  
I never liked you in black, tell me  
Whose that girl walking through your door  
And what's she doing with mine, don't lie 'cause

It's a one way mirror  
And you've been cheating on me  
You really think you're clever  
But you don't know what I can see  
It's a one way mirror  
And only I can see, do it  
What you're doing to her  
Oh, you've got to be kidding me

You're loving her just the same way, baby  
As you've always me, uh  
It's a crime of passion  
And that crime should only be with me  
You know I gave you all I had  
And now you're causing me grief  
And when you're done with using her  
Will you come running back to me?  
No, I don't think so

What he needs to know  
I save it till the end then  
I'm feeling I should tell you  
But I like to watch you wait instead  
You know I never liked roses  
I never liked you in black, tell me  
Whose that girl walking through your door  
And what's she doing with mine

It's a one way mirror  
And you've been cheating on me  
You really think you're clever  
But you don't know what I can see  
It's a one way mirror  
And only I can see  
What you're doing to her  
Oh, you've got to be kidding me

It's a one way mirror  
And only I can see

What you're doing to her  
Oh, you've got to be kidding me  
It's a one way mirror  
And only I can see  
What you're doing to her  
What he should be doing to me

Come on then and tell me do you think what I deserve  
Is what you're giving someone else, especially her  
Taking it and giving it when you really want to, uh  
Oh, come on then and tell me do you think what I deserve  
Is what you're giving someone else, especially her  
Taking it and giving it when you really want to, uh, woo!

It's a one way mirror  
And you've been cheating on me  
You really think you're clever  
But you don't know what I can see  
It's a one way mirror  
And only I can see  
What you're doing to her  
Oh, you've got to be kidding me
