

Right Over

Five Star

We all need a little help to get by
We need to know that there's someone on our side
Uh huh, so call me up any old time
You must forget about your manly pride
Cause you know that

I would do anything to please you
That's what I'd do, oh, oh
Well that's what friends are for
So say when you need me and I'll be

Right over
In the middle of the day
In the middle of the night
To make it all right
I'll be right over
And right away
I'll bring sweetness in your life
And make it all right

Life with me would be simple and free
And that's the way that it's supposed to be, oh yeah
You owe me a chance to show you
That I am the one to keep you satisfied
And you know that

I would do anything to please you
That's what I'd do for you
You don't have to say no more
Just show me there's an open door
And I'll be

(Right over)
(In the middle of the day)
In the middle of the day
(In the middle of the night) yeah
To make it all right
I'll be right over
And right away
I'll bring sweetness in your life
And make it all right

Oh yeah
(Right over) right over
(In the middle of the day) yeah
(In the middle of the night)
To make it all right, all right
(Right over) yeah
(Right away)
I'll bring sweetness in your life
And make it all right

Only heaven knows how much I'm feeling for you
And you know (you know)
I'd do anything to please you
Baby for whatever reason
I'll be there (there, there) oh

Do, do, do...

I would do anything to please you
That's what I'd do, oh, oh
Well that's what friends are for
So say when you need me and I'll be

(Right over)
(In the middle of the day)
In the middle of the day
(In the middle of the night, oh, oh)
To make it all right
(Right over)
(Right away) right away
I'll bring sweetness in your life
And make it all right

(Right over) right over
(In the middle of the day) yeah
In the middle of the night
To make it all right, oh yeah
(Right over)
(Right away) right away
I'll bring sweetness in your life
And make it all right

(Right over) yeah
(In the middle of the day) oh
(In the middle of the night)
Middle of the night, all right, all right
(Right over) right over
Right away
I'll bring sweetness in your life
And make it all right

(Right over) oh right over
(In the middle of the day)
(In the middle of the night) yeah
To make it, make it all right
(Right over) yeah
(Right away) oh yeah
I'll bring sweetness in your life
And make it all right

(Right over) yeah
