

# Show Me

Five Star

Show me  
Hold me  
Show me

I don't care what the people say  
Babe, I know that you're the one  
I could never refuse your love, baby  
And I want you to know  
Ever since you came my way, my baby  
My world's been turned around for the better  
I'm so glad that what we have  
Is turning out to be so strong

Baby, won't you  
(Show me) baby, I need you to  
(Hold me) feels so good  
(Show me) like you do I know we can't go wrong

Why don't people understand?  
How could they be so unkind?  
All the things that may happen in the future  
How could they be so blind?  
All the things we may go through, baby  
My life, I'd be there for the worse, for the better  
I'm so glad that what we have  
Is turning out to be so strong

Baby, won't you  
(Show me) baby, I need you to  
(Hold me) feels so good  
(Show me) like you do I know we can't go wrong

All the things we may go through, baby  
My life, I'd be there for the worse, for the better  
I'm so glad that what we have  
Is turning out to be so strong

(Show me) baby, I need you to  
(Hold me) feels so good  
(Show me) like you do I know we can't go wrong, no no no

(Show me) baby, I need you to  
(Hold me) feels so good  
(Show me) like you do I know we can't go wrong  
No, no, no, no, no, no, no

(Show me) baby, I need you to  
(Hold me) I could never leave you, baby  
(Show me) like you do I know we can't go wrong, baby

(Show me) you're the love of my life  
(Hold me) I could never hurt you, baby  
(Show me) I don't care what they say  
'Cause with love, we can't go wrong, no  
...
