

Don't You Want It

Five

Don't you want it? Can't you feel it?
There's something in the air tonight
10,9,8,7,6,5
Don't you want it?

Now hitting on the dancefloor, what's it all about
Girl, I give it all make me feel high
10,9,8,7,6,5
Time to turn it up 'cause you're getting hot
Why do we bring the flow so raw?
Make you wanna dance, so get on the floor
It's all about the monies, what
Time to get down, to get the honies, yo Scott

Baby, I can make the nights last forever
And I can make you satisfied
So if you feel like coming together
It's something that you must decide

Don't you want it? Don't you need it?
I can give it all and I mean it (aw)
Don't you want it? Can't you feel it?
There's something in the air tonight (aw)

Rising from the depths, I confess
Baby, I can hit you off, got a super on my chest
Nothing but the very best, what you need and you best believin'
Tell that you're feeling the hand that I'm dealing
Never hear me lack upon a track
Style and whicky whack but you gotta savour that
Yeah, roller-coaster ride, baby, come and climb upon it
Ruggedness I've shown it, tell me don't you want it

Baby, I can make the sun shine forever
I know you've heard it all before
But if you feel like coming together
All of this will be yours

Don't you want it? Don't you need it?
I can give it all and I mean it (aw)
Don't you want it? Can't you feel it?
There's something in the air tonight (aw)

I got everything you want, baby, everything you need now (uh, uh)
I can give it all I got everything you want
Baby, everything you need now
Don't you want it? Don't you?
Don't you want it?
Don't you need it?
Don't you want it?
Can't you feel it?
10,9,8,7,6,5

Don't you want it? Don't you need it?
I can give it all and I mean it (aw)
Don't you want it? Can't you feel it?
There's something in the air tonight (aw)

Don't you want it? Don't you need it?
I can give it all and I mean it (aw)
Don't you want it? Can't you feel it?
There's something in the air tonight (aw)
