

It's All Over

Five

Girl, it's all over
This time, it's all over
I swear, it's all over
On my name, yes, it's all over
Believe, it's all over
That, baby, it's all over now
It's all over this time

Thought I was made for you
And you believed in me
I thought this was how love was meant to be
I didn't know it
But you were foolin' me around, oh
You had a hold on me
I was too blind to see
I could have been yours for eternity
I didn't see it
'Til it was all up in my face

Do you recall the times that we shared?
Moments alone and your promises
But now the days are gone and now you're on your own
Tonight, never again 'cause

Girl, it's all over
This time, it's all over
I swear, it's all over
On my name, yes, it's all over
Believe, it's all over
That, baby, it's all over now
It's all over this time

Now I know the truth
It really hurts inside
'Cause every lie just twists the knife
The way I'm feelin'
There's just no remedy
No?

Do you regret things that you said?
Every word, broken promises
But now the days are gone and now you're on your own
Tonight, never again 'cause

Girl, it's all over
This time, it's all over
I swear, it's all over
On my name, yes, it's all over
Believe, it's all over
That, baby, it's all over now
It's all over this time

Yeah, hit me with the truth, hit me with the raw fact
Put me on my back, what you gotta say to that?
You got me with your lies, I was thinking we were set
Counting every second, every day since we met
Rememberin' the times when we used to have it all

But then came the fall, feeling like we hit a brick wall
Now you can keep it, the lies in my ears
You gonna shed tears as your man disappears

Sit back and let me do my thing
Laced with the click and the 5 on the swing
I'm not the one who's gonna be plagued by your kind
24-7, girl, it's time to rewind
It's over just like a wack track
You can't get with this so you gotta get with that
No doubt in my mind, the base so phatt
Baby, let me bring it on a wiggy wack, yeah

'Cause girl, it's all over
This time, it's all over
I swear, it's all over
On my name, yes, it's all over
Believe, it's all over
That, baby, it's all over now
It's all over this time
'Cause girl, it's all over
This time, it's all over
I swear, it's all over
On my name, yes, it's all over
Believe, it's all over
That, baby, it's all over now
It's all over this time
