

Two Sides to Every Story

Five

Yeah, yeah, come on
Uh
Two sides, from the heart
Well it's alright, alright

You wanna know about me
Well it's the way it's got to be
There's more to me than what you see
On TV screens is make believe
You think you know about us
Well it's an element of trust
Come talk to me respectfully
'Cause these days we're public property, yeah

Oh oh oh oh, from the heart
Oh oh oh oh, like us from the start

Because there's two sides to every story
You think you know me, you gotta show me
But it's alright, don't be sorry
It's just the way I am (it's just the way I am)
Because there's two sides to every story
You think you know me, you gotta show me
But I'm telling you once again
You gotta go for who I am
I'm telling you once again
You gotta go for who I am

Yeah yeah, it's alright
I'm telling you there's two sides
Yeah, yeah it's alright
It's the just the way I am

Do you care about me?
Or the pictures that you see?
Are we just a face without a personality
Yeah, yeah
Do you care about us?
Or the funk that we bust?
There's more to us than magazines and dance routines
And teenage dreams

Oh oh oh oh, from the heart
Oh oh oh oh, like us from the start

Because there's two sides to every story
You think you know me, you gotta show me
But it's alright, don't be sorry
It's just the way I am (yeah)
Because there's two sides to every story
You think you know me, you gotta show me
But I'm telling you once again
You gotta go for who I am
I'm telling you once again
You gotta go for who I am, uh

Yeah yeah, it's alright

I'm telling you there's two sides
Yeah, yeah it's alright
It's the just the way I am, haha
Yeah yeah, it's alright
I'm telling you there's two sides (from the heart)
Yeah, yeah it's alright
It's the just the way I am

Because there's two sides to every story
You think you know me, you gotta show me (you gotta show me)
But it's alright, don't be sorry
It's just the way I am (it's just the way I am)
Because there's two sides to every story
You think you know me, you gotta show me
But I'm telling you once again
You gotta go for who I am
Because there's two sides to every story
You think you know me, you gotta show me
But it's alright, don't be sorry
It's just the way I am
Because there's two sides to every story
You think you know me, you gotta show me
But I'm telling you once again
You gotta go for who I am
I'm telling you once again
You gotta go for who I am
