

Broken

Fivefold

GO!

It's not the first time
I've seen this side of you
I'm through
And now you're walking on
Such a thin line
And I'm about to lose my nerve
When all of this has

Cost me so much
Now leave it in the dust
Everything we had
You threw it away
And I have wasted too much love and pride
To be denied what is mine

Walk away
Sell yourself a light
So you can sleep at night
And feed the cancer
Rip me right open, leave me here broken

GO!

This is the last time
That I will play the fool
And watch you walk all over me
Your stories unwind
And I'm about to lose my nerve
When all of this has

Cost me so much
Now leave it in the dust
Everything we had
You threw it away
And I have wasted too much love and pride
To be denied what is mine

Walk away
Sell yourself a light
So you can sleep at night
And feed the cancer
Rip me right open, leave me here broken

It's better out here, away from you
All this time
I've seen every sight, believed every lie
I'll be just fine away from you, you, YOU!

These days, it's just not the same
I'm walking away
I'll be OK away from you, you, YOU!

Walk away
Sell yourself a light
So you can sleep at night

And feed the cancer
Rip me right open, leave me here

Just walk away
And leave me here behind
How can you sleep at night
You feed your cancer
Rip me right open, leave me here broken
