

# Crashing Under

Fivefold

Crashing under this broken sky  
Feel the emotion I, I hate to say  
But I don't know  
How much longer times other side  
Changing of the tide  
And wash away, they fade

Now I'll unworldly search for an answer  
What we need is a cure

Give me a reason to fight  
Give me a side to stand on  
When this world comes crashing down  
I wanna feel alive  
Wanna rise above it  
When this world comes crashing down

Scenes of violence and words of hate  
Tell us what to think and what to say  
We give in to fate  
Taking over our mind and soul  
Voices take control  
Until we are no more

Now all the world may search for an answer  
What we need is a cure

Give me a reason to fight  
Give me a side to stand on  
Hen this world comes crashing down  
I wanna feel alive  
Wanna rise above it  
When this world comes crashing down

Give me a reason to fight  
Give me a side to stand on  
When this world comes crashing down  
I wanna feel alive  
Wanna rise above it  
When this world comes crashing down  
When the world comes crashing down
