

# Flawless

Fivefold

Point the finger 'cause you're not to blame  
Always been pure and that's how you're made  
Push me down and shove me out alone  
Leave me stranded in the cold

But this isn't me 'cause this is you  
You will come to see that you will lose

I know I'm not alright  
Why don't you come and save me  
Flawless in your eyes  
But a lie is all that I see

So go and preach the nations  
And smile as they praise you  
You're such an illusion  
But I see right through you

Hide on the backs of the others  
Scream for your life and run for cover  
'Cause we've had enough and tired of the lies  
Can't escape, don't even try

'Cause I'm tired of me being under you  
You will come to see that you will lose

I know I'm not alright  
Why don't you come and save me  
Flawless in your eyes  
But a lie is all that I see

So go and preach the nations  
And smile as they praise you  
You're such an illusion  
But I see right through you

You're the one to blame, oh

You're the one to blame  
No better than me  
Push me down  
And shove me out alone  
You're the one to blame  
No better than me  
Push me down

I know I'm not alright  
Why don't you come and save me  
Flawless in your eyes  
But a lie is all that I see

So go and preach the nations  
And smile as they praise you  
You're such an illusion  
But I see you right through you
