

Liar

Fivefold

Lie to look better now
With the shame for a crown
Seen the world through
The eyes of a monster

And you're a liar
Your soul on fire
(Tear off the mask now)
Tear off the mask now

We've seen behind and watched you die
You're fooling no one
You self-proclaimed jaded king
Of nothing
Oh, you're nothing

We've been waiting all our lives
Just to feel alive
And you cannot take it away
'Cause you've been hiding
You've been denying

Piece by piece and brick by brick
We've been building up the bridge
That will guide us all again

'Cause you're a liar
Your soul on fire
(Tear off the mask now)
Tear off the mask now

We've seen behind and watched you die
You're fooling no one
You self-proclaimed jaded king
Of nothing
Oh, you're nothing

When will the fighting end?
When will we make amends?
When will we wake up
And take what we learned?
When will we take back
What is ours?

Tear off the mask now
We've seen behind and watched you die
You're fooling no one
You self-proclaimed jaded king
Of nothing

(You're a liar)
Tear off the mask now
(You're a liar)
We've seen behind and watched you die
(You're a liar)
You're fooling no one
You self-proclaimed jaded king

You're nothing
