

Night Terror

Fivefold

Fight the pain
Till it all drains
Into nothing
Soul to take
Seeing shades
Fear is my emotion

Fire rage in the hallway
I cannot stay
Feel it move in closer
Just another night terror

Run

Wake and it's so clear to me
That I'm living in the dream
The closet door is open wide
I try to hide but I can't break free

Well I can't
My bones have become concrete
If I play my cards right, I just might
Survive the night

Defenseless in a dream state
When will I wake up?
Try to move
But it's never enough

I don't wanna fight this panic feeling anymore
If I can hold out the door I would
But it's understood
This night might take me
Will it break me?

A night terror
You're my curse to bare

If I can hold out the door I would
But this night might take me
Will it break me?

Run

Even in the hour of waking
I feel it taking
A hold of my soul, my faith is shaking
Once again 3 AM
Feel the change in the air
I was unaware that I'm

Defenseless in a dream state
When will I wake up?
Try to move
But it's never enough

I don't wanna fight this panic feeling anymore

If I can hold out the door I would
But it's understood
This night might take me
Will it break me?

A night terror
You're my curse to bare

If I can hold out the door I would
But this night might take me
Will it break me?

And all quiet dreams
Seem so sweet to me
Alone I'm fighting sleep
Pray my soul to keep
A darker side of me
Need to wake up
What are you made of?
Monster made a week
I've learned to speak
In my dreams
So run for your life
Can't stay here inside
You know it's about time
That you wake up
Are you made of
More than your fear?

Run

I don't wanna fight this panic feeling anymore
If I can hold out the door I would
But it's understood
This night might take me
Will it break me?

A night terror
You're my curse to bare

If I can hold out the door I would
But this night might take me
Will it break me?

Even in the hour of waking
My faith is shaking

Run
