

Not the Only One

Fivefold

I've never been a saint
Never claimed to be
I make the same mistakes
As everybody
I'm like a house of glass
All is so see through
Pictures from my past
Hang across this room

My worst enemy
Staring at me in mirror
Look into my eyes
And maybe you can see that

I'm... I'm not the only one
I will not fade out like everyone
This is over now
I will stand my ground
Never backing down

I know these demons wait
To devour me
And now I lie awake
In fear of these dreams
I swear I've lost my mind
Can I find my way?
But somehow deep inside
I still feel I can't shake

Feeling that something here's
Got a hold on me, but...
I'm not stopping now
Gonna make you see that

I'm... I'm not the only one
I will not fade out like everyone
This is over now
I will stand my ground
Never backing down

Jaded, I'm a victim
Of myself
Hated, I'm rising
Above this hell
(This hell!)
Breaking free
Taking me
Far from here
Can you see
The change in me
Leaving there

I'm... I'm not the only one
I will not fade out like everyone
This is over now
I will stand my ground
Never backing down

I'm... I'm not the only one
I will not fade out like everyone
This is over now
I will stand my ground
Never backing down

I've never been a saint
Never claimed to be
I make the same mistakes
