

Overcome

Fivefold

Looks are so deceiving
In a world where you can't win
But look up at me now
I'm breaking down the walls
That surround me
Strange is what they call me
But they never knew me
And they don't know me now
I'm from the underground
[?] you'll see

When up comes down I will overcome
When the world's out to get me
I will be strong
Yeah

Baiting back my demons
That flood me with reasons
Why I'll never be anything
Well I guess you don't even know me
This fire inside me
Is never fading
And I can't put it out
No matter what you do
I'll stay burning

When up comes down I will overcome
When the world's out to get me
I will be strong
Yeah

Yeah!

When up comes down I will overcome
When the world's out to get me
I will be strong
Yeah
