Fivio Foreign

Let's do it  
Let's do it  
Huh, yeah, huh

You be doing you, I be doing me  
Get me what I want, this how I gotta be  
I be one war, they be one peace  
Never come outside, every time its beef  
Cop another fit, match it with the feet  
That's your little bitch, said she wanna meet  
Said she wanna go, you kept her on a leash  
Had a chase of this, now she wanna leave (Bow)

(Huh, huh, yeah, yeah), huh (huh)  
Them boys too trippy (Them boys)  
They been talkin' crazy on the net  
But I've never seen them niggas gettin' busy  
And I never wanted niggas comin' with me  
And they never took my jewelry that was iffy  
If they seen the addy, tell me it get litty  
If I got a baddie with me, then she pretty, yeah (yeah)  
Yeah, (yeah), huh, (huh)  
Take a piece of this Percocet  
Five minutes in, try touching me, I'm curving that  
Telling her chill because it's not even working yet
