# For Nothin

**Fivio Foreign**

Yeah, look!
I don't wanna shoot him for nothing (Huh, yeah)
All of my shooters is hunting, yeah
He act like an opp, if I tell him don't worry
He'll die from the move of a button
We was cool when I was broke
Why we ain't cool when I'm stuntin'? Look!
If it's a witness, I don't shoot him I'll snuff him
Fuck you think a nigga stupid or something?

The way I was brought up
We don't like when that nigga get toured up
He a rapper, we shoot up his tour bus
He saw a bullet before he even saw us, look!

The niggas all talk
I thought they was all tough, huh?
I keep on telling my bitches to boss up
Let me handle the small stuff

They say I'm big and ready
I feel like I'm getting bigger
That bitch is lying, I didn't hit her
If the ops start dying, I get the hit up
I still gon hit a nigga
Don't mistake me for a different nigga

If I tell them to work, they gon clip a nigga
If I take me a perc, I forget the nigga
If I take him to work then I flip a nigga
If he acting annoying, I ate the nigga
If I go cut him off if I don't miss the nigga
And you better not ever be with the nigga

That's what I'm made for, huh?
Saving the day with no cape on
She in this bitch with the lace on, huh?
I see an opp', he get banged on, huh?
I'm only showing my face
I be in and out, I don't stay long, huh! Look!

All of the verses they heard was fire
I came in the game, getting my Drake on
They hear my shit and put that face on
(They hear my shit and put that face on)

Yeah, look!
I don't wanna shoot him for nothing (Huh, yeah!)
All of my shooters is hunting, yeah
He act like an opp if I tell him don't worry
He'll die from the move of a button
