

# One Night

Fivio Foreign

Yeah, I take a bag, but it's only one night (Yeah)  
Nobody can get with me twice (Let's do it)  
And once I dub her, I dub her (I dub her)  
Yeah, nobody can give me advice (Nah)  
Shorty came to hang with me for the day  
She had the time of her life (She did)  
I told her if she ever talk to an opp nigga  
She better line him up nice (Grr, baow)  
Life is a gamble, I'm rollin' the dice  
She had the crown, she wasn't holdin' it right (Nah)  
Seven bitches, you wanna know what it's like?  
I only want 'em if they give me a fight (Ha)  
Huh, yeah, pitiful (Pitiful), then I started thinkin' (I started thinkin')  
Would you still want me if I wasn't digital?

What if I wasn't to lit a few? (Uh)  
If nobody saw me and I was invisible  
When I'm not shinin', when I'm comin', spinnin' through  
Would it be this hard to get rid of you? (Huh)  
Yeah (Yeah), hell of a question (Hell of a question)  
Yeah, this pill's fuckin' up my judgement (Uh)  
This Percy is very aggressive  
And I'm in the club and I got one lesson  
If you go to the bathroom, remember your section  
And I won't stop now, I'm already invested  
If he a shooter, he give me an essence (Lil' bitch)  
Yeah (Huh), huh, lil' shorty a shooter, he give me an essence (Grr, boom)  
Lil' shorty a shooter, he give me an essence  
My life a movie, go put me on Netflix (Uh)  
I don't like her, I don't give her no effort (Nah)  
Havin' sex is a part of my checklist  
Me gettin' head is a part of my breakfast (Woo)  
Do you love me, is it part of my questions?  
I don't really care, baby, I was just checkin'  
I needed to fuck one more time (Time)  
Baby (Baby), that's for the record (Yeah)
