

VENGEANCE

Fivio Foreign

They know your boy is addicted
To all these prescriptions
When I'm looking for niggas they coming up missing
Send me the addy, I'm comin to blitz em
Baddie with me, if she come she a vixen
I don't like em if he call me a victim
If I kill em they won't tell my description
Niggas ain't tired of hating
It's Ramadan, Salam Alaikum
I can't find em I run out of patience
And kill his mama like I'm tired of waiting
That nigga drippy, she gotta date em
If he don't move tact, nigga I ain't raisin em
If he don't move tact, nigga I ain't raisin em
Look
I got a hunnid and one guns
I'm a boss, need my money in lump sums
Them niggas know where I come from
If I love her, I'll give her a hun bun
I'm tired of playing with son son
It's all jokes til the fun done
When the fun done, then the gun come
If we don't got it on us, we gon jump some

Imma need all of your love and attention
I see the opps and I think about vengeance
The shit that I'm wearing is fuckin expensive
Bad bitch with me wearing them inches
If she love me 'cause I come from the trenches

Looking for me I ain't that hard to find
Pull up on Rodeo in Beverly
I thought that y'all were supposed to respond?
Yet all I hear crickets like Jiminy
Said I'd be "talkin directly to god"
But already guarded by heavenly
Ice on my neck turn a friend to an enemy
Beautiful yellow stones on me Yosemite
Wherever we go if the doja is dry
They know that my bro got the remedy
She want exposure I told her to slide
Then hit from the back JF Kennedy
Droppin it low at the drop of a dime
My crib got some different amenities
I make her work and reward for the time
She snorting them lines in assembly
Saving the day
Brodies outside in a mask with no cape
Claiming "they sliding" but pumping a fake
Swear they don't want no smoke, it's a smoke with a screen
Keeping the faith, til there's no more debate
One of the greats, do whatever it takes
Could have some acres around my estate
But I'm tellin this shorty I still need my space

Imma need all of your love and attention
I see the opps and I think about vengeance

The shit that I'm wearing is fuckin expensive
Bad bitch with me wearing them inches
If she love me 'cause I come from the trenches

Imma need all of your love and attention
I see the opps and I think about vengeance
The shit that I'm wearing is fuckin expensive
Bad bitch with me wearing them inches
If she love me 'cause I come from the trenches
