

As Good As It Gets

FIZZ

Go on, say it a little louder!
Bet your mum couldn't be prouder
Puff that chest out big boy
Take your time, make your point

Tongue out, oh I know you like that
How's that for you, any feedback?
I should be so lucky
If you'd only fuck me
Is this as good as it gets?

Call me crazy if you wanna
Make my clothes a little tighter
Think I left my body
Years ago - make some noise

I should be so lucky
If you only fuck me

Is this as good as it gets?
Is this as good as it gets?

You told me I was one in a million
I send you songs and you don't even listen
Said this time would be different
Is this as good as it gets?

Yeaaaah
