

## Close One

FIZZ

Good god  
You're in my kitchen  
It's been; so long  
Don't we look different

You said  
Let's go dancing  
Fall asleep in my room  
Is this habit  
Or, something I shouldn't do

Yeah that was a close one  
Yeah that was a close one  
We were really going through it  
Guess we dodged another bullet  
We know that we're happier...

Careful  
Don't come any closer  
You should go home  
Or stay on the sofa

Fuck it  
Let's go dancing  
Fall asleep in my room  
This can't happen  
Guess I'll just see you soon

Yeah that was a close one  
Yeah that was a close one  
We were really going through it  
Guess we dodged another bullet  
We know that we're happier...

Yeah that was a close one  
Yeah that was a close one  
We were really going through it  
Guess we dodged another bullet  
We know that we're happier...

On our own  
Let's go dancing  
On our own  
Let's go dancing

Yeah that was a close one  
Yeah that was a close one  
We were really going through it  
Guess we dodged another bullet  
We know that we're happier alone, alone

Yeah that was a close one  
Close one  
Yeah that was a close one  
Close one  
We were really going through it  
Guess we dodged another bullet

We know that we're happier alone  
On our own
