

Rocket League

FIZZ

1, 2, 3

I'm only happy playing rocket league
With the boys and my baby standing next to me
I'm only happy playing rocket league
With the boys and my baby standing next to me

And I know it's pretty sad, cause I'm nearly 29!
Guess that's just my life
I'm gonna turn in for the night
And clean my pearly whites
Wake up and do it all again

I'm only happy playing rocket league
With the boys and my baby standing next to me
He's only happy (Happy!) playing rocket league
With the boys and my baby standing next to me
