

## christi interlude

FKA twigs

Hey there, sweetie. I was just taking a look at your chart and oh my goodness. You are experiencing the most powerful transit right now. We have the Full Moon today at 24 degrees of Capricorn, we have Pluto the main planet of transformation... And how delightful, you were born on a New Moon. That gives you such an optimistic energy. You believe anything can happen, the world is your oyster. The symbol of the New Moon is the seed. Star seeds comes through the galactic center to evolve humanity

Sagi' Moon, Pisces' Veen, mmm, Capri' Sun
