FKA twigs

Wonder how you feel  
Wonder how you feel  
Words cannot describe, baby  
This feeling deep inside

King sized, I'm vertical sunrised  
Like flying capsized  
Free I see you are  
Eusexua  
Do you feel alone?  
You're not alone  
And if they ask you, say you feel it  
But don't call it love  
Eusexua (Eusexua)

Wonder if you see  
Wonder if you see  
The way that we transcribe it, baby  
Can change the course of time

King sized, I'm vertical sunrised  
Like flying capsized  
Free I see you are  
Eusexua  
Do you feel alone? (Lost out at sea)  
You're not alone (Under the stars)  
Do you feel alone?  
You're not alone  
And if they ask you, say you feel it  
But don't call it love  
Eusexua (Eusexua)

Do you feel alone?  
No, you're not alone  
And if they ask you, say you feel it  
But don't call it love  
Eusexua (Eusexua)

People always told me that I take my love too far  
Then refuse to help me

I was on the edge of something greater than before  
But nobody told me  
Eusexua
