

Love Crimes

FKA twigs

Hard times
Love crimes
My heart keeps falling
Harder than before

You don't understand
I had to let you go
You don't understand
I had to let you go
You don't understand
I had to let you go
You don't understand
I had to let you go

Hard times
Call for love crimes
You might be the one
But now I'm done
You don't understand
Hard times
Call for love crimes
You might be the one
But now I'm done
You don't understand

For each angel fallen
My heart is broken
Until the next time
When we're taking flight again

Hard times
Love crimes
My heart keeps falling
Harder than before
The best times
Are the hardest to let go

Let you know
I had to let you know
You so sexual
That body flexible
Intellectual
Kissing so sensual
I gotta let you know
I gotta let you go

Your body's a death trap
Precious like a teardrop
All angels are patient
Dancing like you're teasing me
You're just too amazing, yeh

I had to let you go

Hard times
Call for love crimes
You might be the one

But now I'm done
You don't understand
Hard times
Call for love crimes
You might be the one
But now I'm done
You don't understand

For each angel fallen
My heart is broken
Until the next time
When we're taking flight again

Hard times
Love crimes
My heart keeps falling
Harder than before
The best ones
Are the hardest to let go
